We are part of the earth and it is part of us. This we know - the earth does not belong to us, we belong to the earth.
-Chief Seattle

April 4, 2006

Dear Friends of Wildlife,

We volunteers at Ojai Valley Wildlife have dedicated ourselves to yet another season of helping the injured and orphaned wild animals of the Ojai Valley and surrounding areas. Thanks to your support, we are able to continue to offer our services as a resource to our community. We remain dedicated to rescuing, properly treating and then releasing wildlife back into its natural and native habitat. Our commitment is to give our charges the best care while in our hands to ensure they may live successful, free lives.

We also provide a wildlife referral helpline to ensure all the animals in the Southern California region receive the assistance they require. You may call (805) 649-4418 24 hours a day to get the phone numbers of area rehabbers, wildlife rehab organizations and, of course, our dedicated staff at OVW. This past year we helped citizens find critical help for wild animals as far as Malibu, Santa Clarita, Burbank, and Santa Barbara and as close as Ojai, Oak View and Ventura. With your support, we can continue to provide our services to the wild creatures and to the people who care about them.

We appreciate any support that you can give us – it is your donations that allow us to continue with our work. The money we collect goes towards infant formula, caging and vet bills for the animals. Our facility and volunteers are fully licensed and permitted by California Fish and Game and US Fish and Wildlife. And we are a 501(3)c non-profit organization (EIN 91-2160340) so your donation is tax deductible.

Our sincere thanks to all the friends of wildlife who have supported our organization!

And thank you in advance for your continuing support!!

Sincerely,

Judi Kelly, director; on behalf of the Volunteers of Ojai Valley Wildlife
